Importance: High

Hello Marlene:

I apologize for not scrolling down to see the email that you referenced in your email of yesterday.

Yes, the email from Stephen Tzhone to addressees dated December 8, 2014 is releasable. The addressees in the December 8, 2014 email include ADEQ personnel.

Let me know if you need anything else.

Thank you,

Gloria Moran

Hi Marlene:

I have conferred with Stephen Tzhone about the Daily Field Summary Report dated 1/17/14 that attached to your email of March 25, 2015 and that you characterize as a weekly report. According to Mr. Tzhone, the 11/17/14 report has been released to ADEQ. It is therefore releasable under

9600088

FOIA. You reference in your email of yesterday an email, likely an associated email with this report, that was not attached for my review.

Without specific information about the associated email, I am unable to offer an opinion on whether it is releasable.

Thank you,

Gloria Moran

Subject: FW: Arkwood update - FOIA Question

Gloria,

I have finally (!) received my FOIA email search from our contractor (I was able to get an extension). Most of the emails are deliberative, but I did have a question.

Did both PRPs get a copy of the attached weekly report, such that this email is releasable?

Marlene

Hi Arkwood Team,

Dye tracing began November 17 and will end ~first week of January.

Attached is the field oversight report with photos, etc.

Thanks,
